#### **SEMINAR FOCUS**

The focus of the panel presentation is to inform interested individuals and parents about the services funded through the Office of Mental Retardation and Developmental Disabilities (OMRDD). Contacting the Staten Island Developmental Disabilities Services Office, (SIDDSO) the local regional office under OMRDD, is the first step a person should make when one wants to access one of many services offered by either the state or one of its associated voluntary not-for-profit agencies. If you feel lost and alone, with many unanswered questions, come to this presentation to meet others and learn about the services you need for you and your child and how to apply for them.
